Comfortable and safe

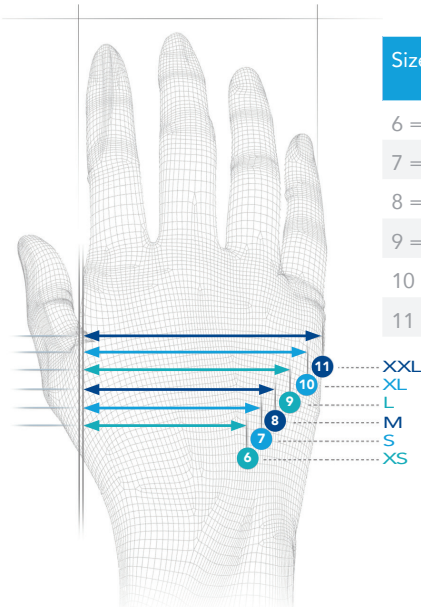

Leptrex SafeTouch® gloves are renowned for their quality and comfort. They comply with all European quality standards and testing for medical examination gloves. They are Class I medical devices and considered personal protective equipment according to EN 374.

Superior puncture and tear resistance, high tactile sensitivity and a secure grip, combined with the highest level of protection for users and patients, make SafeTouch® gloves a reliable choice for every team.

A wide selection of sizes in both nitrile and latex ensure the ideal glove for every need.

Size table according to EN 420:

Size	Hand circumference	Hand length	Minimum glove length
6 = XS	152mm	160mm	220mm
7 = S	178mm	171mm	230mm
8 = M	203mm	182mm	240mm
9 = L	229mm	192mm	250mm
10 = XL	254mm	204mm	260mm
11 = XXL	279mm	215mm	270mm

SafeTouch® Advanced™ Rejuvenate Nitrile Gloves

SafeTouch® Advanced™ Rejuvenate nitrile gloves provide reliable protection while caring for skin. Enriched with lanolin and vitamin E to soothe hands and prevent irritation, these latex-free gloves are exceptionally soft without compromising durability. Microtextured surface provides a secure grip, even when wet.

SafeTouch® Advanced™ Platinum and Slim Nitrile Gloves

SafeTouch® Advanced™ nitrile gloves are high-quality, powder-free, latex-free and hypoallergenic gloves that are ideal for daily use. Nitrile provides a latex-like feel with optimal stretch. Textured fingertips provide a secure grip, even when wet. Tested for water and air impermeability.

SafeTouch® Rejuvenate Latex Gloves

SafeTouch® Rejuvenate latex gloves provide reliable protection while ensuring optimal tactile sensitivity. Infused with lanolin and vitamin E, they soothe hands and prevent irritation. Suitable for wearers with no known latex allergy or sensitivity.
